MISS EARTH® *2020*

About the Pageant

2020 MISS
EARTH®

The **MISS EARTH** Pageant is an International Environmental Event channeling the beauty pageant entertainment industry as an effective tool to promote environmental awareness.

To give life to this vision, Carousel Productions Inc. organized and launched in 2001 the **MISS EARTH** Beauty Pageant, an annual beauty event whose raison d'être was to have its candidates and winners actively promote and get involved in the preservation of the environment and the protection of Mother Earth. The winner of **MISS EARTH** will serve as the Ambassador to environmental protection campaigns worldwide.

MISS EARTH continues to build its reputation as the most relevant and worthwhile beauty event in the world, setting a legacy of beauty and responsibility.

Beauties for a Cause

The pageant is a search for the most beautiful women of the Earth to serve as a role model dedicated to uphold the advocacy to preserve and restore Mother Earth.

For its 20th year, **MISS EARTH** takes on the theme "*Eco-Angels*" to underscore the delegates' role as guardians of nature. Today, more than ever, there is an urgent need to further environmental awareness to address the Earth's worsening conditions, especially among the youth. For this, the **MISS EARTH** delegates are ready to spread their wings and guide the people on how to adapt a more sustainable lifestyle in the new norm.
